

# Secondary Course Selection 2022

January 26, 2022 – Podcast Episode

**ACHIEVE, CONTRIBUTE & LEAD WITH INTEGRITY**

# Course Selection...Why It Matters

Course Selection is part of a transitional time for students. Transitions are a part of life as a student, from elementary school through career placement. Building coping skills around transitions from elementary to middle school to high school then to independent life can help students to successfully adapt to new situations.
